

**UTILITY INCENTIVE STRUCTURE FOR ENERGY STAR CERTIFICATION**

Sponsoring Utility	ENERGY STAR certification Incentive Cap:	ENERGY STAR certification Incentive Cap:	Additional Potential incentive (This incentive is included in the capped amount)	Additional Lighting Incentive	Heat pump or Natural gas heating / cooling equipment incentive.	HERS rating / ENERGY STAR certification fee.
	Single Family	Multi-family	Single / Multi Family	Single / Multi Family	Single / Multi Family	Single / Multi Family
Liberty Utilities Electric Matthew Minghella (603) 216-3573	\$1000 for ENERGY STAR certification + \$100 per HERS index point reduction of actual vs. required - \$4000 total cap.	\$500 for ENERGY STAR certification + \$50 per HERS index point reduction of actual vs. required. \$1000 per unit total cap	\$25 per ESTAR labeled light fixture, ceiling fan, prog tstat., ESTAR labeled refrig., dishwasher or clotheswasher.	Utility will provide and install up to 18 ESTAR certified LED bulbs in high use conventional fixtures. Use Horizon supplied LED lighting order form.	Electric utilities will pay \$500 per ton of heat pump equipment capacity installed. Restrictions apply. Fuel oil / Propane equipment will not be incentivized. Subject to changes.	The following are paid by utilities: o Plans review o Up to 3 site visits o 1 blower door test o 1 duct pressure test per air handler
Liberty Utilities Natural Gas Matthew Minghella (603) 216-3573	\$1000 for ENERGY STAR certification + \$100 per HERS index point reduction of actual vs. required - \$4000 total cap.	\$500 for ENERGY STAR certification + \$50 per HERS index point reduction of actual vs. required. \$1000 per unit total cap	\$25 per ESTAR labeled light fixture, ceiling fan, prog tstat., ESTAR labeled refrig., dishwasher or clotheswasher.	Utility will provide and install up to 18 ESTAR certified LED bulbs in high use conventional fixtures. Use Horizon supplied LED lighting order form.	Natural gas utilities will incent high efficiency natural gas equipment. Fuel oil / Propane equipment will not be incentivized. Restrictions apply. Subject to changes	The following are paid by utilities: o Plans review o Up to 3 site visits o 1 blower door test o 1 duct pressure test per air handler
New Hampshire Electric Coop Traditional track Chris Johnson (603) 536 8672	\$1000 for ENERGY STAR certification + \$100 per HERS index point reduction of actual vs. required - \$4000 total cap.	\$500 for ENERGY STAR certification + \$50 per HERS index point reduction of actual vs. required. \$1000 per unit total cap	\$25 per ESTAR labeled light fixture, ceiling fan, prog tstat., ESTAR labeled refrig., dishwasher or clotheswasher.
